

WANG 712,612 FLAT-BED PLOTTER WITH ALPHANUMERIC LABELING

612 FLAT-BED PLOTTER

INTRODUCTION

The Wang 712, 612 Plotter provides plots and alpha/numeric labeling of problems computed by the 700 and 600 Series calculators.

Plots can be drawn automatically by the program or manually by the calculator keyboard.

15 different sizes of alpha/numeric labels are selectable by program command. This allows a user to draw finished plots that are labeled, titled, and scaled.

PRELIMINARY WANG 712, 612 SPECIFICATIONS

Type: Flat-bed X-Y plotter, using analog servomotors.

Paper Capacity: 11 x 16.5 inches. (standard European 3A size) or smaller. Electric paper hold-down system, no special paper required.

Plotting Area: 10 x 15 inches (25 cm. x 38 cm.)

Writing Type: Servo actuated, ink pen.

Pen Lift: Automatic by program command. Approx. 35 ms. up, 25 ms. down.

Plot Accuracy: $\pm .2\%$ of full scale. .01 inch from one plot to the next.

Linearity: $\pm .1\%$ of full scale.

Resetability: .1% of full scale.

Reset: Program or manual command moves pen back to origin previously set.

Acceleration (peak):

X-axis; 1500 in./sec²: Y-axis; 1500 in./sec²

Plotting Time: Average plotting speeds between points is 6 in./second; however, the actual plotting time is dependent on the calculator program being executed.

Manual Controls:

Power On/Off (toggle switch on control panel)

Paper Hold (toggle switch on control panel)

Reset (pushbutton switch on control panel)

X, Y Zero Set (two independent controls on panel)

X, Y Scale Set (two independent controls on panel)

Check Scale (pushbutton switch on control panel)

Internal/External (toggle switch on side panel to switch between X, Y, plotter and typewriter)

X-Value: In Register 00 or X-Register

Y-Value: In Register 01 or Y-Register

Alpha/Numeric Labeling: Standard.

Operating Environment: 15°C to 45°C (59° F. to 95° F.) Recommended humidity range 20% to 80%.

Power Requirements: 115 or 230 VAC $\pm 10\%$, 50 to 400 Hz. 150 VA.

Connecting Cables: Power cord 12-ft., output connector cable (24 pins) 6-ft.

Weight: Approx. 35 lbs. (16 kg) net.

Dimensions: 19 inches wide (48 cm.) x 17 1/4 inches (43.8 cm.) deep, 6 1/2 inches (16.5 cm.) high.
